# Welcome Message

The Asian Pacific Endodontic Confederation (APEC) consists of 25 countries and holds its conference every two years in one of the member countries. This year, the APEC made its decision that Egypt will organize its 23rd conference. The Egyptian Association of Endodontists (EAE) has its meeting PanEndo: From Africa to the World, which was born a giant and is considered the biggest Endodontic Conference in Africa. Delegates from all over the world will join us this December in what is promised to be the biggest endodontic event in Asia, the Middle East, and Africa. This is true as this conference is the joining of two giant conferences in one, the APEC2025cairo and the PanEndo: From Africa to the World, resulting in:

**APEC2025 PanEndo Conference**  
Celebrating 40 years since the establishment of APEC and 25 years since the establishment of the EAE.

This conference is inviting world-class international speakers, presidents of International Associations, and integrating pre-, during, and post-congress intensive workshops. We are expecting 2500 local attendees and at least 600 non-Egyptian attendees.

The conference will focus on new aspects and current updates in the field of endodontics. The scientific sessions of the conference will be dominated by scientific data from worthy speakers. We wish that endodontists from the Middle East area and globally share in this unique event to gain cutting-edge knowledge in different aspects of endodontics. The conference will be held in the charming city of Cairo, the largest city in the Middle East and Africa. It combines the mystic ancient history with the cosmopolitan style in a unique way hardly to find elsewhere. We are awaiting you all to experience this magnificent journey of science, history, culture, and fun.
